THE ENVIRONMENT

A SONG

1. Let's sing.

Save the planet
salva el pianeta
Save the planet
Put your rubbish in the banks...
metti la tua spazzatura nel bidone giusto
Paper, plastic, glass and cans.
The Earth is yours so don't forget.
La Terra è tua non la dimentichi.

Save the planet
Save the planet
riciclamo tutto
Let's recycle everything.
Paper, plastic, glass and cans.
The Earth is yours so don't forget.

Save the planet
Save the planet
Keep the lakes and rivers clean.
tenere i laghi e fiumi puliti
Paper, plastic, glass and cans.
The Earth is yours so don't forget.

Put Your Pledge In Me!

You control the climate change

1. I'm Frank The Frog
take part in ENO
Our task is a big one
So listen, please don't go.

We have a global problem
it is the climate change
But **we** have the power
To make a change.

Turn down. Switch off. Recycle. And walk.
Four small changes: We act, we don't just talk.

Make your pledges so Earth remains
You control the climate change

2. The heat is melting
the ice at the Poles
sea levels rising
who will save our souls?

Floods and storms
we don't need them more
climate change
is knocking on the door.

Turn down. Switch off. Recycle. And walk.
Four small changes: We act, we don't just talk.

Make your pledges so Earth remains
You control the climate change

3. It's not just people
who make this possible
governments and industries
they are repsonible

We will together
Prevent this tragedy
So make us happy
And put your pledge in me!

Turn down. Switch off. Recycle. And walk.
Four small changes: We act, we don't just talk.

Make your pledges and make the change:
You control the climate change

Turn down. Switch off. Recycle. And walk.
Four small changes: We act, we don't just talk.

Make a pledge and you make the change
You control the climate change
